DEZHOU AOC
PILATES TECHNOLOGY CO., LTD.

About Us

AOC Pilates

DEZHOU AOC PILATES TECHNOLOGY CO., LTD. is a professional manufacturer dedicated to the design and production of high-quality Pilates equipment, integrating R&D, manufacturing, sales, and after-sales service.

We specialize in a full range of Pilates equipment, including maple, oak, beech wood series, as well as aluminum-frame models. Our products are widely used in Pilates studios, gyms, and yoga studios, and we also support OEM/ODM and private customization to meet different market and brand requirements.

Pilates is a precision-based training system focused on core strength, body control, and mind–body balance. Guided by this philosophy, AOC PILATES develops scientifically engineered equipment to support posture correction, improve muscle endurance, and ensure safe, stable performance in professional training environments.

With a strong commitment to quality, functionality, and durability, we empower effective and reliable Pilates training—bringing confidence and control to every movement.

Maple Series

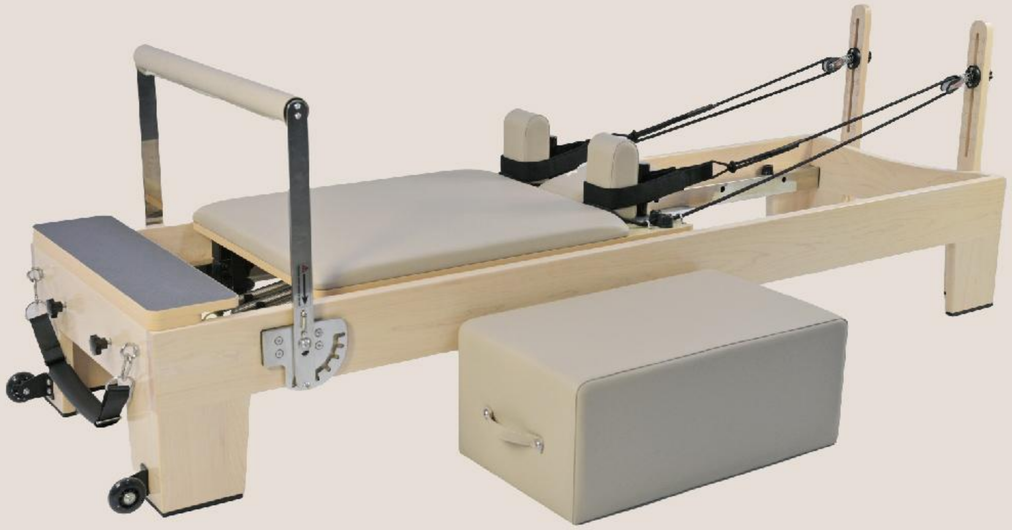

Imported North America Maple wood Light color, uniform density, balanced strength and resilience.

Maple is valued for its balanced hardness and structural stability, offering a smooth and consistent response during movement. Its fine grain and uniform density help maintain precision and control across repeated exercises.

Oak Series

Selected oak hardwood
Deep grain texture, high strength and stability.

Oak is known for its high density, strong load-bearing capacity, and excellent wear resistance, making it a reliable choice for high-frequency commercial use. Its pronounced grain structure adds both visual character and structural strength.

Aluminum Series

High grade aluminum frame
Lightweight, corrosion-resistant, high load capacity.

Aluminum provides an optimal balance of lightweight construction and structural strength, with natural corrosion resistance that ensures long-lasting performance. Its rigid frame maintains precise alignment while reducing overall equipment weight.

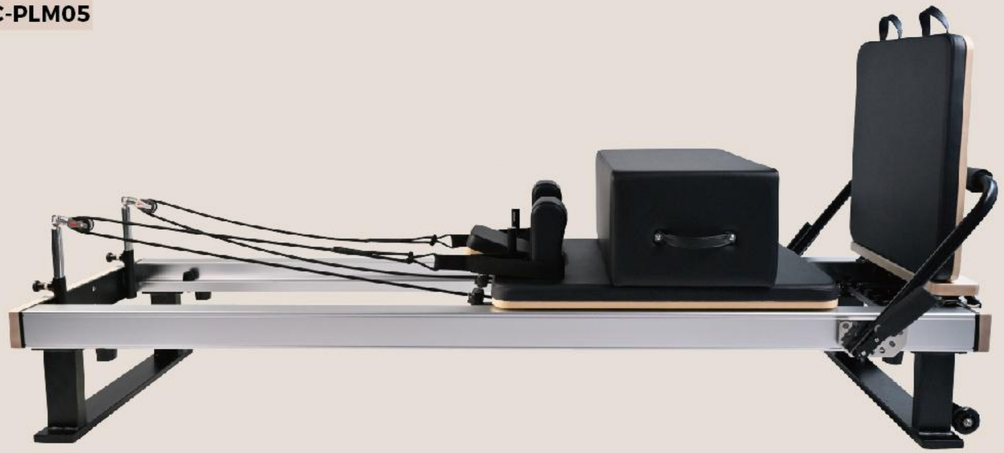

Engineered with professional training standards in mind, the AOC Pilates Aluminum Series delivers smooth operation, responsive control, and reliable safety—ideal for modern studios seeking efficiency, flexibility, and a clean, contemporary aesthetic.
